	Executive Summary	xv
CHAPTER I	The Meaning of Human Development	1
	What does development really mean?	1
	Why rapid income growth is an insufficient measure of success	1
	Meaning of human development	3
	The human development index	9
	National standards	11
	How regions fare in human development	12
	Human development and social systems	14
CHAPTER II	The State of Income	23
	Incomes, poverty and inequality	24
	Poverty and rural underdevelopment	31
	Why is Philippine economic performance so poor?	33
	Debt and stabilization	33
	Erosion of competitiveness	35
	Institutional capacity	36
	Employment, economic dualism, and regional development	39
	Generating income growth and combating poverty	42
CHAPTER III	The State of Human Capital	51
	The nature of human capital	51
	Human capital process	53
	Trends in human capital indicators and policy	55
	Distribution of health and education across regions	58
	Monetary outcomes of education	65
	Human capital among women	68
	Conclusions and recommendations	69

CHAPTER IV	The State of the Environment	85
	Framework for constructing indicators	86
	State of the major ecosystems and impact on people	90
	Recommendations	100
CHAPTER V	Human Development and People's Participation in Governance	103
	The Philippine experience	104
	Environment for people's participation: Forces and processes	105
	Elections	105
	Participation by POs and NGOs	112
CHAPTER VI	Participation Outside Elections	125
	Lobbying and Protest	125
	Direct implementation	130
	Decentralization and the Local Government Code	131
	Conclusions	132
	Bibliography	137

List of Tables

Table 1	Life Expectancy (in years) / 4	Table 22	Per Capita Income, Share of the Poor in Income, Poverty Incidence, Health Expenditures Per Capita, by Region, 1988-1991 / 59
Table 2	Literacy Rates (in percent) / 5	Table 23	Enrolment Rates by Level of Schooling and by Region, 1980 and 1987 (in percent) / 60
Table 3	Mean Years of Schooling (in number of years) / 6	Table 24	Percentage Distribution of the Labor Force by Education and Location, 1988 / 61
Table 4	Poverty Incidence by Region, 1985, 1988 and 1991 / 7	Table 25	Percentage Distribution of Schooling by Income Decile / 62
Table 5	Adjusted and Unadjusted GDP Per Capita, 1991 (in current pesos) / 8	Table 26	Percentage Distribution of Schooling by Income Decile and Rural-Urban Location / 62
Table 6	Human Development Indices: Intercountry Comparisons, 1990 / 10	Table 27	Percentage of Nutritionally-at-Risk Children (0-6 and 7-10 years old) by Region (1978, 1982 and 1989) / 63
Table 7	Regional HDIs in 1991 as Compared to Other Countries / 11	Table 28	Percentage of 0-6 Year-old Children with 75 Percent or Less of Weight-for-Age Standard by Food Expenditure Quartile and by Region, 1989-1990 / 64
Table 8	Regional Human Development Indices: Inter-regional Comparison, 1980 and 1991 / 12	Table 29	Percentage of 7-10 Year-old Children with 70 Percent or Less of Weight for Age Standard by Food Expenditure Quartile and by Region, 1989-1990 / 64
Table 9	Gross Regional Domestic Product (GRDP) Per Capita Levels and Growth Rates / 24	Table 30	Access to Safe Drinking Water and Population per Health Facility and Health Personnel / 65
Table 10	Poverty Incidence, Subsistence Poverty and Regional Share of the Total Poor Families (by region; 1985, 1988 and 1991; in percent) / 26	Table 31	Access to Selected Health Services and Facilities by Income Class and Rural-Urban Location, 1987 / 66
Table 11	Rural and Urban Poverty Incidence by Region (as percent of all families) / 27	Table 32	Access to Safe Water and Sanitary Toilets by Income Class, 1987 / 67
Table 12	Income Inequality, Per Capita Income and Poverty Incidence by Region, 1985, 1988 and 1991 / 29	Table 33	Labor Force Participation, Unemployment, and Underemployment, by Level of Education (October 1991) / 68
Table 13	Philippine Economic Performance in International Perspectives, 1965-1989 (average annual growth in percent) / 34	Table 34	Estimated Percentage Differences in Household Incomes for Different Levels of Educational Attainment of the Household Head (No education=100) / 69
Table 14	Macroeconomic Indicators: The Philippines and Indonesia Compared / 35	Table 35	Distribution of the Employed by Occupation / 70
Table 15	Average Labor Productivity Indices: Asean-4 and China (1975=100) / 36	Table 36	Household Population 7 Years old and Above, By Highest Grade Completed and by Sex, 1990 / 70
Table 16	Selected Indicators for Asean-4 / 38	Table 37	Forest, Uplands, Montane Ecosystem / 87
Table 17	Labor Force Participation, Unemployment and Underemployment Rates, 1981-1992 / 40	Table 38	Freshwater Ecosystem / 87
Table 18	Wage Rates in Agriculture by Region, 1980-1991 / 41	Table 39	Croplands Ecosystem / 88
Table 19	Index of Average Labor Productivity and Real Legislated Wages, 1975-1989; 1978=100 / 42		
Table 20	Distribution of Government Expenditure in Social Services, Debt Service and Defense, 1970-1992 / 56		
Table 21	Distribution of Education Budget by Level and Real Per Capita Cost of Education in Public Schools / 58		

Table 40	Marine and Coastal Ecosystems (wetlands, mangroves, seagrass, seaweeds, coral reefs, and soft bottom) / 88	Table 46	Condition of Philippine Coral Reefs (percent of total reefs) / 98
Table 41	Philippine Forest Cover, 1920-1991 / 90	Table 47	Emission of Pollutants by Mobile Source (National Capital Region) / 99
Table 42	Some "Hotspot" Areas in Tropical Forests, 1988 / 92	Table 48	Coliform Counts in Selected Coastal Areas in the Philippines (mpm/100 ml) / 100
Table 43	Wildlife Habitat Loss in Tropical Asia / 93	Table 49	Concentration (mg/kg) of Heavy Metals in Marine Biota / 101
Table 44	Estimated Storage Capacity of Groundwater Resources, 1980 (in million cubic meters) / 93	Table 50	Accreditation and Selection of POs and NGOs in Local Government Units / 133
Table 45	Trends in Land Use, 1970-1990 (in 1,000 ha) / 95		

List of Figures
