Tables

1.1.	Employment figures for selected Southeast Asian countries. 1998-2000	4
1.2.	Poverty, labor force participation, and unemployment	5
1.3.	Poverty and employment of by class worker (1998, in percent)	7
1.4.	Unequal benefits from growth: Effect of a one-percent increase in per capita income on living standards (by quintile; in percent)	10
1.5.	Inter-industry wage differentials, 1998, 1994 (in percent relative to average)	16
1.6.	Distribution of employed by educational attainment	16
1.7.	Labor productivity and average monthly compensation per employee, 1998 (in pesos)	17
1.8.	Effect of education on wages and family income (in percent; 1994)	23
1.9.	Distribution of working age population by highest educational attainment, by poverty status, 1998	25
1.10.	Educational attainment of 17-24 years old by income decile, 1999	26
1.11.	Union membership and workers covered by collective bargaining agreements (CBAs) (as percentage of total employment)	34
1.12.	Types of non-regular workers (as percentage of total surveyed)	35
1.13.	Incidence of child labor by household-income group	38
2.1.	Life expectancy (in years, 2000)	47
2.2.	High-school graduate ratio (18 and above) 2000	48
2.3.	Percentage basic enrollment rate (7-16 years old) 1999	49
2.4.	Largest gainers and losers in per capita income 2000	50
2.5.	Real per capita income (NCR 1997 pesos) 2000	50
2.6.	Indicators used in HDI Computation	51
2.7.	Top and bottom 10 provinces in HDI 2000	51
2.8.	Top gainers in HDI 1997-2000	52
2.9.	Top losers in HDI 1997-2000	52
2.10.	Provincial HDI in International Perspective	54
2.11.	Top and bottom 10 provinces in GDI-1 2000	55
2.12.	Selected internationally-comparable provincial GDIs (GDI-2) vis-à-vis other countries	56
2.13.	Top and bottom gainers in poverty incidence, 1997-2000	57
2.14.	Top and bottom province in poverty incidence 2000	58
2.15.	Top and bottom provinces in HPI (1994-2000)	59
2.16.	Top and bottom 10 provinces in inequality based on share in consumption of richest 10% to poorest 10% (2000)	60
2.17.	Top and bottom provinces in inequality based on Gini, 2000	61
2.18.	Inequality: most and least improved provinces based on Gini ratios, 2000 ...	61
2.19.	Top and bottom provinces in unemployment rate (average 1997-2000)	62
2.20.	Top and bottom provinces in underemployment rate (average 1997-2000) ..	63
2.21.	Top and bottom provinces in terms of female economic activity rate as % of male rate (average 1997-2000)	64

Boxes

1.1.	Understanding labor statistics	3
1.2.	Gender, poverty and work	6
1.3.	The weak relationship between output growth and employment	11
1.4.	Why is labor productivity procyclical?	19
1.5.	Electronics	21
1.6.	Determinants of family income	24
1.7.	Gender discrimination	26
1.8.	Overseas employment	30
1.9.	Determinants of child labor	39
2.1.	International comparisons	53

Figures

1.1.	Labor force participation rate	5
1.2.	Open unemployment rate	5
2.	Growth of GDP and of employment (1982-1999; in percent)	8
3.	Labor force participation rate (LFPR) and GDP growth (1981-2000; in percent)	9
4.	Per capita income by quintile (1997 NCR pesos)	10
5.	Shares of employment, by sector (1981-2000), in percent	14
6.	Growth of GDP and of labor productivity	18

Box Tables

1.	Gender distribution of poor and non-poor working population, 1998	6
2.	Foreign monthly wage ranges, 1998 (US\$)	31

Annexes

1.	Human development index 2000	76
2.	Human development index 1997	80
3.	Gender-related development index 2000	82
4.	Poverty incidence, depth, and severity	84
5.	Human poverty index	86
6.	Inequality in consumption 2000	88
7.	Open unemployment and underemployment rates, 1997-2000	90
8.	Gender inequality in economic activity, 1997-2000	92
